## Foundation FSSC provides trust and impact

With our global Certification Schemes FSSC 22000 for food safety and FSSC 24000 for social responsibility, we support the consumer goods industry and related supply chains in implementing ISO-aligned management systems.

# FSSC BRAND IDENTITY

---

# FSSC SCHEMES

*The FSSC Schemes and Programs demonstrate the power of management systems to deliver trust and impact to the consumer goods industry*

 **FSSC 22000**

FSSC 22000 has become the leading Food Safety management system certification Scheme since 2009 for the entire food supply chain.

 **FSSC** Development Program

FSSC Development Program supports small and medium-sized organizations (SMEs) in the supply of safe food.

 **FSSC 24000**

FSSC 24000 is an innovative Social Management System certification Scheme for decent working conditions within consumer goods manufacturing.

# FSSC ASSURANCE

---

*The Integrity Program delivers trust through a robust series of processes that ensure high-quality and reliable outcomes for the end user*

- Strengthening team
- CB Onboarding pause
- Digitization of IP processes
- FSSC-CB-AB Alignment

# FSSC DIGITAL SOLUTIONS

## FSSC Assurance Platform for Certification Bodies and Industry

*A secure digital service that enables transparency and informed decision-making throughout the supply chain*

The Assurance Platform contains certification data of the FSSC 22000 Scheme for Food Safety, and the FSSC 24000 Scheme for Social Sustainability.

## Performance and Benchmarking Insights

The Industry Portal combines the data of all your sites and offers performance benchmarking and comparison functionality to help you identify areas for improvement across the organization.

Scheduled for  
**2026**

2

## Internal Insights and Sharing Information

Allowing Certified Organization to view their certification data and share this information with interested supply chain partners.

Scheduled for  
**2025**

1

## Certification Status Automation

View the certification status of organizations that you are interested in. Receive real-time updates when a certificate status changes (via email notification or API).

**FSSC  
On-Site  
2024**

# FSSC CAPACITY BUILDING

---

*Knowledge transfer on food safety and social sustainability to key target groups within the consumer goods industry with the aim to:*

- drive improvement focused on main audit non-conformities
- increase business performance and value
- collect data to demonstrate SDG impact
